

HAPPY EASTER of RESURRECTION

Easter is a unique celebration and a unique experience. Never in the world did something like that happen. But we can have such an experience almost daily, if we are open to the inspiration of Jesus, who came back to tell us that there is a much better life, which we can start experiencing even today.

When you see the smile on the face of your grandson; that is Easter. When you hug your dad and feel his love; that is Easter. When you hold in your arms your new baby; that is Easter. When you enter a church and you cry for joy; that is Easter. When you shake a hand of peace with your neighbor; that is Easter. When you receive the phone call from your son in the States; that is Easter. Easter is present every day of our life; we only need to discover it and enjoy it with a simple and humble heart.

But Easter is also a transformation of our soul and spiritual life. When they tell you that you have cancer and you find a strange happiness in your heart; that is Easter. When you have prayed for ages and your son or daughter comes back home; that is Easter. When you get up from confession and you feel light like a feather; that is Easter. When you are able to smile at your former husband and do not feel resentment; that is Easter. When you go to mass and you feel that nothing bad can happen to you, because you have discovered that Jesus can rise from any disaster of your life; that is Easter. When you feel you are dying but have no fear of death; that is Easter.

Easter makes you invincible, because you are now part of the victory of Jesus over death and evil. Life is invincible, because it is eternal. Happy Easter, my dear parishioners, and enjoy life, because today is Easter.
