

WE ARE GOD'S CHILDREN NOW! Wow!

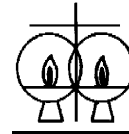

If our Father is a saint, we his children are also saints. To be a saint is our nature and it is our dignity. To be saints is to have the same life of God in us, which we have received with our baptism. So, we have all that is needed to become what we really are: saints, that is, children of God.

Today we remember all the great saints and the small saints; those known and those unknown; those in heaven and those on earth. We probably don't know their names, but they are all happy in heaven to praise and thank our Father God.

Until a few weeks ago for example, we did not know that a young boy of 15, Carlo Acutis, was a great saint at so young an age. He had been chosen by God as an example to millions of young people today. He didn't do anything special, only a great love for the Holy Eucharist and a simple life; then a great joy to go to heaven.

I am sure that even in our church today we are walking side by side with some saints; probably we will never know them until we get to heaven; but I am sure that there are various saints walking in our streets and praying side by side with us in church.

But what good is it to celebrate holiness in others, if we have no desire of it in ourselves; it could be hypocrisy! The celebration of today is a calling for each one of us. Do we know what it means to be a saint? Do we desire to be a saint? Do we strive and work to be one? We only have a few more years to build an eternal throne in heaven. We will earn and enjoy in heaven only what we search and build for us here on earth. If you build for 10, you will enjoy for 10; if you build for 100, you will enjoy 100. What you earn here on earth will be exactly what you are going to enjoy eternally in heaven. Let's get down to business, if we want to get up into heaven!
