

THE BLOOD OF CHRIST.

Blood is a very power symbol of love. The shedding of blood is associated with the birth of a baby from the mother's womb. The blood is associated to life and death on a human person. Blood is the sign of a sacrifice; the sacrifice of the lamb in the old Testament and the sacrifice of Christ. Blood is the ultimate sign of the greatest sacrificial gift. Blood is also the sign left by Jesus here on earth to remind us of his continuous sacrifice for our salvation.

St. Catherine mentioned more than five hundred times blood in her book: The Dialogue of Divine Providence. Many saints and mystics were completely overtaken by the blood of Christ.

Blesses Scalabrini used to repeat: "Fac me crucen inebriary", which means: Let me be inebriated by the cross. We today can still drink the blood of Christ at the Holy Sacrifice of the Mass. Even though Christ returned to His Father in heaven, but He has left here on earth his blood for us.

The Church has the power to provide for us the body and the blood of Christ to eat and drink; only through the church we have this mysterious privilege to assimilate the body and blood of God. Only through the church we can enter into a real, physical relationship with God every time we decide to participate in the Holy Mass. Through His Body and Blood we communicate in our interior with a God who is already more intimate to us than ourselves. We cannot eat the body of God but through the Church; you cannot become a child of God without the Church; everybody in his right mind should desire to enter into such a church. The line should be miles long outside our churches.

But maybe this does not happen because maybe we, who are already inside, don't really take this mystery seriously enough; maybe we do not let the outsiders know that we have a life that never dies again, such a joy that only can be found in heaven and that we are called to enjoy such a blissful happiness already here now on earth.

June is the month of the Sacred Heart from which the Blood of Christ is flowing to our hearts. The first effect of the blood of Christ is in our heart, in our love, in our soul. Let us be washed by the blood of Christ; let our blood be mixed with the Blood of Christ.
