

## THE MOST HOLY BODY AND BLOOD OF CHRIST

Today we are celebrating one of the most “catholic” feasts of the whole liturgical year. In fact, this feast is becoming more and more significant in our days, due to the great interest on “Eucharistic Adoration” in the Catholic Church today.

After His resurrection Jesus returned to the Father in heaven, but he left here on earth the physical reality of his body and blood. The best way to remain with us for all times and in all places.

It is something so incredible that through a little piece of bread the omnipotent God of the universe is present, alive and active. Not even the angels have this privilege to receive and hold the majesty of God in one own’s hands. Angels and saints in heaven can adore and admire the face of God, but they cannot hold in their hands the physical body and blood of Christ.

The Holy Eucharist is also the fountain of life and grace for our spiritual journey. If other sacraments give us the grace of God, the Eucharist is giving us the Son of God Himself. Fr. Pio used to say that it would be easier for the universe to survive without the sun than continue living without the Eucharist.

But why do we have a specific feast, when we celebrate the Eucharist every Sunday? The Church today invites us to give “public” worship to the Eucharist. That is why all over the world the Church organizes public processions; both to show our faith publicly and also to invite the whole creation to adore its creator and Lord. Because of Father’s Day celebration we thought more practical to move the procession next Sunday, June 26, after the 11:30am mass. Come let us Adore Him!

*From Jesus' holy lips I hear only one word, I dare say, one teaching, only one command: Penance! And to whom is he speaking? The evangelist St. Luke tells us that he's speaking to all. Maybe he foresaw the false interpretations of many modern Christians, who would prefer to restrict the practice of such an unconditional teaching only to those living in the cloisters. J.B.
